

WEST PROSPERO

A KFELS 'B' Class, 400 fsw rated, 15k jack-up. It is a modern rig which enjoys the improved safety, operational efficiencies and equipment benefits of the latest generation of drilling units. The rig features greater capacities in terms of space, weights and volumes for bulks, liquids and general cargo compared to previous jack-up generations. The rig was awarded rig of the Quarter across ExxonMobil's international MODU fleet and was also presented with their prestigious Gold Award for working more than 200,000 man-hours without work time injury as a result of its exceptional operational and HSE performance.
